Moving the order of the lines as below and disabling the standard Frankfurt (confusingly named custom), then it works great.

It appears under custom scenery It's a bit confusing, but I got it working with help from support.. Get started in international aviation and depart from Germany's main hub Realistically scaled and with all airport buildings modelled, this add-on takes you on a huge journey. VersionSCENERYSCENERY_PACK_DISABLED Custom Scenery\Aerosoft - EDDF Frankfurt\SCENERY_PACK Custom Scenery\Aerosoft - EDFE Egelsbach\SCENERY_PACK Custom

Scenery\Aerosoft_EDDF_1_Parked_Cars\SCENERY_PACK Custom

Scenery\Aerosoft_EDDF_2_Roads\SCENERY_PACK Custom Scenery\Aerosoft_EDDF_3_Scenery\.. However now

updating my review to a plus The problem was that the new scenery was not loading.. That one just woked, without any settings changed Here is the top of my file so it may help you.. If you buy this scenery pack, then once it's all downloaded and installed

you need to disable the standard Frankfurt airport (which is listed under custom scenery - confusing). b0d43de27c [Download](#)
